

MODEL	VERSION	DESCRIPTION	PRICE
<b>ETG 2RU Indium Line</b>  	<b>ETG150 Mpx</b>	<b>150 Watt MPX Indium Transmitter</b>  Eco-Saving Technology, O-Led Graphic Interface, Power adjustable from 0 to 150 W, Telemetry and SMS capability with external GSM modem (optional) or through Echos 3 (optional). Webserver and SNMP controls with external E-Box (optional). - 2 rack units.	€ 2.960,00
	<b>ETG150 Mpx + GSM</b>	<b>150 Watt MPX Indium Transmitter + Internal GSM</b>  Eco-Saving Technology, O-Led Graphic Interface, Power adjustable from 0 to 150 W, Telemetry and SMS capability with internal GSM modem. Webserver and SNMP controls with internal/external E-Box (optional). - 2 rack units.	€ 3.930,00
	<b>ETG150 Mpx + TC/TS</b>	<b>150 Watt MPX Indium Transmitter + TC/TS Board</b>  As ETG 150 + TC/TS board for remote control and interlock. Includes the Profile board to be used in 1+1 or N+1 systems. Telemetry and SMS capability are available through external GSM modem (optional) or Echos 3 (optional). Webserver and SNMP controls with external E.Box (optional). - 2 rack units.	€ 3.340,00
	<b>ETG150 Mpx + EBOX</b>	<b>150 Watt MPX Indium Transmitter + EBOX</b>  As ETG 150 + Webserver and SNMP controls with internal E.Box. Telemetry and SMS capability are available through external GSM modem (optional) or Echos 3 (optional). - 2 rack units.	€ 3.700,00
	<b>ETG150 Stereo</b>	<b>150 Watt Stereo Indium Transmitter</b>  Eco-Saving Technology, O-Led Graphic Interface, Power adjustable from 0 to 150 W, Telemetry and SMS capability with external GSM modem (optional) or through Echos 3 (optional). Webserver and SNMP controls with external E-Box (optional). - 2 rack units.	€ 3.160,00
	<b>ETG150 Stereo + GSM</b>	<b>150 Watt Stereo Indium Transmitter + Internal GSM</b>  Eco-Saving Technology, O-Led Graphic Interface, Power adjustable from 0 to 150 W, Telemetry and SMS capability with internal GSM modem. Webserver and SNMP controls with internal/external E-Box (optional). - 2 rack units.	€ 4.130,00
	<b>ETG150 Stereo + TC/TS</b>	<b>150 Watt Stereo Indium Transmitter + TC/TS Board</b>  As ETG 150 + TC/TS board for remote control and interlock. Includes the Profile board to be used in 1+1 or N+1 systems. Telemetry and SMS capability are available through external GSM modem (optional) or Echos 3 (optional). Webserver and SNMP controls with external E.Box (optional). - 2 rack units.	€ 3.540,00

MODEL	VERSION	DESCRIPTION	PRICE
	<b>ETG150 Stereo + EBOX</b>	<b>150 Watt Stereo Indium Transmitter + EBOX</b>  As ETG 150 + Webserver and SNMP controls with internal E.Box. Telemetry and SMS capability are available through external GSM modem (optional) or Echos 3 (optional). - 2 rack units.	€ 3.900,00
	<b>ETG 500.5 Mpx</b>	<b>500 Watt MPX Indium Transmitter</b>  Eco-Saving Technology, O-Led Graphic Interface, Power adjustable from 0 to 500 W, Telemetry and SMS capability with external GSM modem (optional) or through Echos 3 (optional). Webserver and SNMP controls with external E-Box (optional). - 2 rack units.	€ 4.450,00
	<b>ETG 500.5 Mpx + GSM</b>	<b>500 Watt MPX Indium Transmitter + Internal GSM</b>  Eco-Saving Technology, O-Led Graphic Interface, Power adjustable from 0 to 500 W, Telemetry and SMS capability with internal GSM modem. Webserver and SNMP controls with internal/external E-Box (optional). - 2 rack units.	€ 5.420,00
	<b>ETG 500.5 Mpx + TC/TS</b>	<b>500 Watt MPX Indium Transmitter + TC/TS Board</b>  As ETG 500 + TC/TS board for remote control and interlock. Includes the Profile board to be used in 1+1 or N+1 systems. Telemetry and SMS capability are available through external GSM modem (optional) or Echos 3 (optional). Webserver and SNMP controls with external E.Box (optional). - 2 rack units.	€ 4.830,00
	<b>ETG 500.5 Mpx + EBOX</b>	<b>500 Watt MPX Indium Transmitter + EBOX</b>  As ETG 500 + Webserver and SNMP controls with internal E.Box. Telemetry and SMS capability are available through external GSM modem (optional) or Echos 3 (optional). - 2 rack units.	€ 5.190,00
	<b>ETG 500.5 Stereo</b>	<b>500 Watt Stereo Indium Transmitter</b>  Eco-Saving Technology, O-Led Graphic Interface, Power adjustable from 0 to 500 W, Telemetry and SMS capability with external GSM modem (optional) or through Echos 3 (optional). Webserver and SNMP controls with external E-Box (optional). - 2 rack units.	€ 4.650,00
	<b>ETG 500.5 Stereo + GSM</b>	<b>500 Watt Stereo Indium Transmitter + Internal GSM</b>  Eco-Saving Technology, O-Led Graphic Interface, Power adjustable from 0 to 500 W, Telemetry and SMS capability with internal GSM modem. Webserver and SNMP controls with internal/external E-Box (optional). - 2 rack units.	€ 5.620,00

MODEL	VERSION	DESCRIPTION	PRICE
	<b>ETG 500.5 Stereo + TC/TS</b>	<b>500 Watt Stereo Indium Transmitter + TC/TS Board</b>  As ETG 500 + TC/TS board for remote control and interlock. Includes the Profile board to be used in 1+1 or N+1 systems. Telemetry and SMS capability are available through external GSM modem (optional) or Echos 3 (optional). Webserver and SNMP controls with external E.Box (optional). - 2 rack units.	€ 5.010,00
	<b>ETG 500.5 Stereo + EBOX</b>	<b>500 Watt Stereo Indium Transmitter + EBOX</b>  As ETG 500 + Webserver and SNMP controls with internal E.Box. Telemetry and SMS capability are available through external GSM modem (optional) or Echos 3 (optional). - 2 rack units.	€ 5.390,00
	<b>ETG 1000.10 Mpx</b>	<b>1000 Watt MPX Indium Transmitter</b>  Eco-Saving Technology, O-Led Graphic Interface, Power adjustable from 0 to 1000 W, Telemetry and SMS capability with external GSM modem (optional) or through Echos 3 (optional). Webserver and SNMP controls with external E-Box (optional). - 2 rack units.	€ 5.900,00
	<b>ETG 1000.10 Mpx + GSM</b>	<b>1000 Watt MPX Indium Transmitter + Internal GSM</b>  Eco-Saving Technology, O-Led Graphic Interface, Power adjustable from 0 to 1000 W, Telemetry and SMS capability with internal GSM modem. Webserver and SNMP controls with internal/external E-Box (optional). - 2 rack units.	€ 6.870,00
	<b>ETG 1000.10 Mpx + TC/TS</b>	<b>1000 Watt MPX Indium Transmitter + TC/TS Board</b>  As ETG 1000 + TC/TS board for remote control and interlock. Includes the Profile board to be used in 1+1 or N+1 systems. Telemetry and SMS capability are available through external GSM modem (optional) or Echos 3 (optional). Webserver and SNMP controls with external E.Box (optional). - 2 rack units.	€ 6.280,00
	<b>ETG 1000.10 Mpx + EBOX</b>	<b>1000 Watt MPX Indium Transmitter + EBOX</b>  As ETG 1000 + Webserver and SNMP controls with internal E.Box. Telemetry and SMS capability are available through external GSM modem (optional) or Echos 3 (optional). - 2 rack units.	€ 6.640,00
	<b>ETG 1000.10 Stereo</b>	<b>1000 Watt Stereo Indium Transmitter</b>  Eco-Saving Technology, O-Led Graphic Interface, Power adjustable from 0 to 1000 W, Telemetry and SMS capability with external GSM modem (optional) or through Echos 3 (optional). Webserver and SNMP controls with external E-Box (optional). - 2 rack units.	€ 6.100,00

MODEL	VERSION	DESCRIPTION	PRICE
	<b>ETG 1000.10 Stereo + GSM</b>	<b>1000 Watt Stereo Indium Transmitter + Internal GSM</b> Eco-Saving Technology, O-Led Graphic Interface, Power adjustable from 0 to 1000 W, Telemetry and SMS capability with internal GSM modem. Webserver and SNMP controls with internal/external E-Box (optional). - 2 rack units.	€ 7.070,00
	<b>ETG 1000.10 Stereo + TC/TS</b>	<b>1000 Watt Stereo Indium Transmitter + TC/TS Board</b> As ETG 1000 + TC/TS board for remote control and interlock. Includes the Profile board to be used in 1+1 or N+1 systems. Telemetry and SMS capability are available through external GSM modem (optional) or Echos 3 (optional). Webserver and SNMP controls with external E.Box (optional). - 2 rack units.	€ 6.480,00
	<b>ETG 1000.10 Stereo + EBOX</b>	<b>1000 Watt Stereo Indium Transmitter + EBOX</b> As ETG 1000 + Webserver and SNMP controls with internal E.Box. Telemetry and SMS capability are available through external GSM modem (optional) or Echos 3 (optional). - 2 rack units.	€ 6.840,00
	<b>ETG 1500.15 Mpx</b>	<b>1500 Watt MPX Indium Transmitter</b> Eco-Saving Technology, O-Led Graphic Interface, Power adjustable from 0 to 1500 W, Telemetry and SMS capability with external GSM modem (optional) or through Echos 3 (optional). Webserver and SNMP controls with external E-Box (optional). - 2 rack units.	€ 7.800,00
	<b>ETG 1500.15 Mpx + GSM</b>	<b>1500 Watt MPX Indium Transmitter + Internal GSM</b> Eco-Saving Technology, O-Led Graphic Interface, Power adjustable from 0 to 1500 W, Telemetry and SMS capability with internal GSM modem. Webserver and SNMP controls with internal/external E-Box (optional). - 2 rack units.	€ 8.770,00
	<b>ETG 1500.15 Mpx + TC/TS</b>	<b>1500 Watt MPX Indium Transmitter + TC/TS Board</b> As ETG 1500 + TC/TS board for remote control and interlock. Includes the Profile board to be used in 1+1 or N+1 systems. Telemetry and SMS capability are available through external GSM modem (optional) or Echos 3 (optional). Webserver and SNMP controls with external E.Box (optional). - 2 rack units.	€ 8.180,00
	<b>ETG 1500.15 Mpx + EBOX</b>	<b>1500 Watt MPX Indium Transmitter + EBOX</b> As ETG 1500 + Webserver and SNMP controls with internal E.Box. Telemetry and SMS capability are available through external GSM modem (optional) or Echos 3 (optional). - 2 rack units.	€ 8.540,00

MODEL	VERSION	DESCRIPTION	PRICE
	<b>ETG 1500.15 Stereo</b>	<b>1500 Watt Stereo Indium Transmitter</b>  Eco-Saving Technology, O-Led Graphic Interface, Power adjustable from 0 to 1500 W, Telemetry and SMS capability with external GSM modem (optional) or through Echos 3 (optional). Webserver and SNMP controls with external E-Box (optional). - 2 rack units.	€ 8.000,00
	<b>ETG 1500.15 Stereo + GSM</b>	<b>1500 Watt Stereo Indium Transmitter + Internal GSM</b>  Eco-Saving Technology, O-Led Graphic Interface, Power adjustable from 0 to 1500 W, Telemetry and SMS capability with internal GSM modem. Webserver and SNMP controls with internal/external E-Box (optional). - 2 rack units.	€ 8.970,00
	<b>ETG 1500.15 Stereo + TC/TS</b>	<b>1500 Watt Stereo Indium Transmitter + TC/TS Board</b>  As ETG 1500 + TC/TS board for remote control and interlock. Includes the Profile board to be used in 1+1 or N+1 systems. Telemetry and SMS capability are available through external GSM modem (optional) or Echos 3 (optional). Webserver and SNMP controls with external E.Box (optional). - 2 rack units.	€ 8.380,00
	<b>ETG 1500.15 Stereo + EBOX</b>	<b>1500 Watt Stereo Indium Transmitter + EBOX</b>  As ETG 1500 + Webserver and SNMP controls with internal E.Box. Telemetry and SMS capability are available through external GSM modem (optional) or Echos 3 (optional).	€ 8.740,00
	<b>ETG 2000.20 Mpx</b>	<b>2000 Watt MPX Indium Transmitter</b>  Eco-Saving Technology, O-Led Graphic Interface, Power adjustable from 0 to 2000 W, Telemetry and SMS capability with external GSM modem (optional) or through Echos 3 (optional). Webserver and SNMP controls with external E-Box (optional). - 2 rack units.	€ 10.800,00
	<b>ETG 2000.20 Mpx + GSM</b>	<b>2000 Watt MPX Indium Transmitter + Internal GSM</b>  Eco-Saving Technology, O-Led Graphic Interface, Power adjustable from 0 to 2000 W, Telemetry and SMS capability with internal GSM modem. Webserver and SNMP controls with internal/external E-Box (optional). - 2 rack units.	€ 11.770,00
	<b>ETG 2000.20 Mpx + TC/TS</b>	<b>2000 Watt MPX Indium Transmitter + TC/TS Board</b>  As ETG 20 Exciter00 + TC/TS board for remote control and interlock. Includes the Profile board to be used in 1+1 or N+1 systems. Telemetry and SMS capability are available through external GSM modem (optional) or Echos 3 (optional). Webserver and SNMP controls with external E.Box (optional). - 2 rack units.	€ 11.180,00

MODEL	VERSION	DESCRIPTION	PRICE
	<b>ETG 2000.20 Mpx + EBOX</b>	<b>2000 Watt MPX Indium Transmitter + EBOX</b> As ETG 20 Exciter00 + Webserver and SNMP controls with internal E.Box. Telemetry and SMS capability are available through external GSM modem (optional) or Echos 3 (optional). - 2 rack units.	€ 11.540,00
	<b>ETG 2000.20 Stereo</b>	<b>2000 Watt Stereo Indium Transmitter</b> Eco-Saving Technology, O-Led Graphic Interface, Power adjustable from 0 to 2000 W, Telemetry and SMS capability with external GSM modem (optional) or through Echos 3 (optional). Webserver and SNMP controls with external E-Box (optional). - 2 rack units.	€ 11.000,00
	<b>ETG 2000.20 Stereo + GSM</b>	<b>2000 Watt Stereo Indium Transmitter + Internal GSM</b> Eco-Saving Technology, O-Led Graphic Interface, Power adjustable from 0 to 2000 W, Telemetry and SMS capability with internal GSM modem. Webserver and SNMP controls with internal/external E-Box (optional). - 2 rack units.	€ 11.970,00
	<b>ETG 2000.20 Stereo + TC/TS</b>	<b>2000 Watt Stereo Indium Transmitter + TC/TS Board</b> As ETG 20 Exciter00 + TC/TS board for remote control and interlock. Includes the Profile board to be used in 1+1 or N+1 systems. Telemetry and SMS capability are available through external GSM modem (optional) or Echos 3 (optional). Webserver and SNMP controls with external E.Box (optional). - 2 rack units.	€ 11.380,00
	<b>ETG 2000.20 Stereo + EBOX</b>	<b>2000 Watt Stereo Indium Transmitter + EBOX</b> As ETG 20 Exciter00 + Webserver and SNMP controls with internal E.Box. Telemetry and SMS capability are available through external GSM modem (optional) or Echos 3 (optional). - 2 rack units.	€ 11.740,00
	<b>AES OPTION FOR ETG2U with STEREO</b>	<b>AES/EBU</b> AES/EBU Digital Input upgrade available for all ETG 2U Models with Stereo. Options with MPX Only require the Stereo Upgrade + The AES/EBU Option Upgrade. Can be added to any of the ETG 2U Models with Stereo for new Units.	€ 320,00

MODEL	VERSION	DESCRIPTION	PRICE
<b>ETG 4RU Line</b> 	<b>ETG 3500 Single Threephase</b>	<b>3500 Watt Stereo Indium Transmitter + TC/TS</b> Eco-Saving Technology, LCD Graphic Interface, power adjustable from 0 to 3500 W, Built-In Stereo Coder, TC/TS board for remote control and interlock. Includes the Profile board to be used in 1+1 or N+1 systems. AES-EBU digital inputs (optional), 220/380 Volt triple switching power supply system with PFC, 5x800W power modules coupled for highest reliability, Telemetry and SMS capability are available Easy Modem (optional) or Echos 3 (optional). Webserver and SNMP controls with external E.Box (optional). 4 rack units.	€ 17.900,00
	<b>ETG 3500 Single Threephase</b>	<b>3500 Watt Stereo Indium Transmitter + EBOX</b> As ETG 3500 + Webserver and SNMP controls with internal E.Box. Telemetry and SMS capability are available through external GSM modem (optional) or Echos 3 (optional).	€ 18.600,00
	<b>ETG 3500 Single Threephase</b>	<b>3500 Watt Stereo Indium Transmitter + AES/EBU</b> As ETG 3500 + AES/EBU DIGITAL INPUTS. Telemetry and SMS capability are available through external GSM modem (optional) or Echos 3 (optional). Telemetry and SMS capability are available Easy Modem (optional) or Echos 3 (optional). Webserver and SNMP controls with external E.Box (optional). 4 rack units.	€ 18.200,00
	<b>ETG 3500 Single Threephase</b>	<b>3500 Watt Stereo Indium Transmitter + AES/EBU + EBOX</b> As ETG 3500 + AES/EBU INPUTS + Webserver and SNMP controls with internal E.Box. Telemetry and SMS capability are available through external GSM modem (optional) or Echos 3 (optional). 4 rack units.	€ 18.900,00

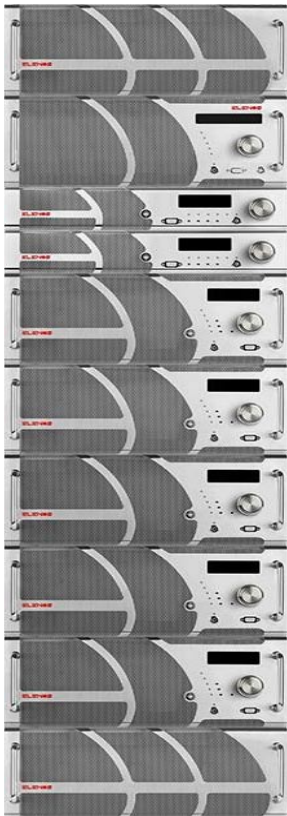

MODEL	VERSION	DESCRIPTION	PRICE
	<b>ETG 5000 Single Threephase</b>	<b>5000 Watt Stereo Indium Transmitter + TC/TS</b> Eco-Saving Technology, LCD Graphic Interface, power adjustable from 0 to 5000 W, Built-In Stereo Coder, TC/TS board for remote control and interlock. Includes the Profile board to be used in 1+1 or N+1 systems. AES-EBU digital inputs (optional), 220/380 Volt triple switching power supply system with PFC, 7x800W power modules coupled for highest reliability, Telemetry and SMS capability are available Easy Modem (optional) or Echos 3 (optional). Webserver and SNMP controls with external E.Box (optional). 4 rack units.	€ 24.500,00
	<b>ETG 5000 Single Threephase</b>	<b>5000 Watt Stereo Indium Transmitter + EBOX</b> As ETG 5000 + Webserver and SNMP controls with internal E.Box. Telemetry and SMS capability are available through external GSM modem (optional) or Echos 3 (optional). 4 rack units.	€ 25.200,00
	<b>ETG 5000 Single Threephase</b>	<b>5000 Watt Stereo Indium Transmitter + AES/EBU</b> As ETG 5000 + AES/EBU DIGITAL INPUTS. Telemetry and SMS capability are available through external GSM modem (optional) or Echos 3 (optional). Telemetry and SMS capability are available Easy Modem (optional) or Echos 3 (optional). Webserver and SNMP controls with external E.Box (optional). 4 rack units.	€ 24.800,00
	<b>ETG 5000 Single Threephase</b>	<b>5000 Watt Stereo Indium Transmitter + AES/EBU + EBOX</b> As ETG 5000 + AES/EBU INPUTS + Webserver and SNMP controls with internal E.Box. Telemetry and SMS capability are available through external GSM modem (optional) or Echos 3 (optional). 4 rack units.	€ 25.500,00

MODEL	VERSION	DESCRIPTION	PRICE
<b>Indium Amplifier</b> 	<b>E3500 Single Threephase</b>	<b>3500 Watt Indium Amplifier</b> Switching power supply system with PFC (230 V. Singlephase), high performance. Proportional logic protections, uninterruptable operation, 5x800 W power modules coupled. 4 rack units.	€ 17.600,00
	<b>E5000 Single Threephase</b>	<b>5000 Watt Indium Amplifier</b> Switching power supply system with PFC (230-380 V. Single-Threephase), high performance. Proportional logic protections, uninterruptable operation, 7x800 W power modules coupled. 4 rack units.	€ 24.200,00

MODEL	VERSION	DESCRIPTION	PRICE
<b>Indium Combined System</b> 	<b>ET3500 Stereo</b>	<b>3500 Watt Stereo Indium Transmitter</b> 230/380 V. Threephase switching power supply system with PFC. Proportional logic protections, uninterruptable operation. Built-in Stereo Coder. Telemetry and SMS capability are available Easy Modem (optional) or Echos 3 (optional). Webserver and SNMP controls with external E.Box (optional). - Composed by: 1 x E 3500 Power Amplifier + ETG 20 Exciter ( 4+2 rack units) Optional rack. - 6 Rack Units	€ 21.040,00
	<b>ET3500 Stereo</b>	<b>3500 Watt Stereo Indium Transmitter + AES/EBU</b> 230/380 V. Threephase switching power supply system with PFC. Proportional logic protections, uninterruptable operation. Built-in Stereo Coder. AES/EBU Digital Input. Telemetry and SMS capability are available Easy Modem (optional) or Echos 3 (optional). Webserver and SNMP controls with external E.Box (optional). - Composed by: 1 x E 3500 Power Amplifier + ETG 20 Exciter ( 4+2 rack units) Optional rack. - 6 Rack Units	€ 21.330,00
	<b>ET5000 Stereo</b>	<b>5000 Watt Stereo Indium Transmitter</b> 230/380 V. Threephase switching power supply system with PFC. Proportional logic protections, uninterruptable operation. Built-in Stereo Coder. Telemetry and SMS capability are available Easy Modem (optional) or Echos 3 (optional). Webserver and SNMP controls with external E.Box (optional). - Composed by: 1 x E 5000 Power Amplifier + ETG 20 Exciter ( 4+2 rack units) Optional rack. - 6 Rack Units	€ 27.770,00
	<b>ET5000 Stereo</b>	<b>5000 Watt Stereo Indium Transmitter + AES/EBU</b> 230/380 V. Threephase switching power supply system with PFC. Proportional logic protections, uninterruptable operation. Built-in Stereo Coder. AES/EBU Digital Input. Telemetry and SMS capability are available Easy Modem (optional) or Echos 3 (optional). Webserver and SNMP controls with external E.Box (optional). - Composed by: 1 x E 5000 Power Amplifier + ETG 20 Exciter ( 4+2 rack units) Optional rack. - 6 Rack Units	€ 28.060,00
